II. Questions and Answers:

The following written question was submitted by a prospective proposer with HCC answer being provided.

Question: After the pre-proposal meeting on Tuesday, we have one concern that we would like to share with you. Currently, Austin Community College and Dallas County Community College Systems both have an exclusive food service contract for five years with a five year optional term after the initial five years. Many of the neighboring colleges honor a long term contract for the food service vendors for the reason of long term partnership. Based on the current RFP contract term, it will be very difficult for a vendor to invest into a project that allows little assurance. We are asking you for your recommendations and thoughts.

HCC Answer: This requirement is not for full Food Service but Kiosk "type" Food Services. HCC's contract term for the proposed contract will be one (1) year with two (2) one-year renewal options.
